ARLINGTON INDEPENDENT SCHOOL DISTRICT SELECTS CADENCE McSHANE FOR 44,605 S.F. SCHOOL ADDITION

*(New High School Expansion to House Additional Classrooms,
Cafeteria and Kitchen to Support Growing Enrollment)*

(Dallas, Texas) – Neal L. Harper, President of Cadence McShane Construction Company, is pleased to announce that the firm has been selected by the Arlington Independent School District (Arlington ISD) to complete the new two-story 44,605 square foot expansion to Arlington High School located at 818 West Park Row Drive in Arlington, Texas.

Cadence McShane will complete the addition utilizing a steel structure with masonry and glass façade. The expanded areas will offer generous window lines allowing an abundance of natural light into the facility. The curved glass windows will form the front of the student cafeteria providing a contemporary design and integrating modern aesthetics to the large open space.

The addition has also been designed to seamlessly blend into the existing architecture and color scheme of the high school campus thereby offering a sense of continuity and scale to this large secondary school environment. This state-of-the-art educational facility will include 14

(MORE)

new classrooms, a kitchen and spacious student cafeteria. Cadence McShane will incorporate numerous interior finishes and materials that will provide a durable yet contemporary design that enhances learning and provides a comfortable and productive facility for both students and faculty. The exterior sitework includes a separate entrance to the cafeteria space accented by landscaping and large concrete sidewalk pavement.

“Cadence McShane has earned a reputation as one of the area’s foremost construction teams well-versed on expansion, additions and new construction at a variety of educational facilities. Our expertise of working within occupied spaces with the students returning to the high school campus will provide the necessary safety precautions that will yield a productive yet safe construction site,” remarks Harper.

Arlington High School, one of the six high schools within Arlington ISD, offers a current enrollment of 3,000 students that incorporates all of Arlington and portions of Grand Prairie, Texas. Arlington ISD is ranked as the eighth largest school district within the State of Texas.

Huckabee is providing the architectural services for this educational assignment that will reach completion in July 2012.
